

OSHONE OMOH

FRONTEND ENGINEER

Nigeria • omohoshone5@gmail.com • [LinkedIn](#) • [GitHub](#) • [Portfolio](#)

PROFESSIONAL SUMMARY

Frontend Engineer with experience building modern, scalable web applications using React, Next.js, and TypeScript. Focused on creating fast, responsive, user-centred digital experiences through clean architecture and reusable components. Experienced working directly with founders, designers, and cross-functional teams to ship production-ready products in fast-paced startup environments.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend: React, Next.js, Tailwind CSS, Vite

Backend: Node.js, Express

State & Data: React Query, React Router, Firebase, Supabase

UI & Animation: GSAP, Framer Motion, Shadcn UI

Tools: Git, GitHub, REST APIs

PROFESSIONAL EXPERIENCE

Frontend Engineer | Forefada

July 2025 to January 2026

Forefada is a technology platform connecting customers with verified artisans and service providers.

- Played an integral role in building and improving the Forefada web platform from early development through production.
- Developed responsive, production-ready user interfaces using React and TypeScript.
- Collaborated closely with founders, designers, and backend engineers to deliver new product features on schedule.
- Integrated REST APIs and built reusable UI components that improved development efficiency across the codebase.
- Optimized application performance to ensure seamless user experience across desktop and mobile devices.
- Participated in product planning, testing, debugging, and continuous platform improvement.

Frontend Developer | Freelance

2023 to Present

Designing and developing web applications for startups and growing businesses across logistics, hospitality, food service, and creative industries.

SELECTED PROJECTS

247Swift Logistics

Built a responsive logistics platform with a mobile-first user experience, designed for tracking and coordination on the go.

LMR Studio

Developed a high-performance portfolio website featuring smooth animations and a fully responsive layout.

Aunty Burgers

Designed and built a restaurant website focused on customer engagement, menu visibility, and ease of use.

Adoree Bakes

Built a business website with a clean interface and optimized load performance for a growing bakery brand.

EDUCATION

Bachelor of Science, International Relations

2019 to 2023

CERTIFICATIONS
